## Strategic Planning Session - Wednesday, January 13<sup>th</sup>, 2010 (morning)

Don Carlton will present a four hour session that demonstrates strategic fire planning concepts, processes and tools for Southern states fire management personnel. The presentation will focus on the role of fire protection planning in the support of strategic decisions made at the state and district level. In addition, implementation of decisions within the states will be presented. The presentation will address the following:

- Initial attack program evaluation for effectiveness and efficiency
- Fire prevention program evaluation for effectiveness and efficiency
- Fuels management program evaluation for effectiveness and efficiency
